Math Homework

March 30

DUE: Friday, April 7

Directions: Answer the questions regarding the line plot. Show all work in the bottom box.

Remember to show your thinking (models) and include an <u>equation</u>, <u>labels</u>, and the final answer written in a <u>complete sentence</u>.

Hour Spent at Soccer Practice	The line plot displays the hours Naia spent at each soccer practice during the last month.

                Time (hours)
```

The line plot displays the hours Naia spent at each soccer practice during the last month.

1. How many total practices did she have last month?
2. What is the difference in time between the longest and shortest practice?
3. What practice length occurred the most last month?

Skill Review:

Complete the charts.

m	cm
$2\frac{1}{2}$	250
1	
	400
$3\frac{1}{2}$	

lbs	ozs
2	32
1	
	88
$3\frac{1}{2}$	

Complete the equation to make it true.

72__5

Fill in the blank digit with a number, that would make this number divisible by 9.

Explain why you chose this number.
